## Crowds Of Exes Expected Homecoming

Pep Rally, Bonfire, Parade, Football Game, Dance, Luncheon Among Events Planned By Student Council

A Homecoming crowd to break all records, even that of last year's 8,000, is expected October 15 when exes come trekking back to their Alma Mater.

An entertainment-packed day is planned for that event state those in charge. The center of attraction of course, is the Homecoming football tussle with the Baylor Bears at 2:30 p.m. in Jones Stadium. The Homecoming parade with its multicolored floats will rate a close second, however.

Tech's Homecoming committee makes plans for October 15. Seated left to right are Margy Bullen, Richard Gibson, Bill Trenfield, Chairman Bill McCasland, Ken Hancock and Elizabeth Craig.

## Four Student Winners Of Loyalty Fund Scholarships Are Announced For 49-50

Winners of the \$1000 in scholarships set up through the Texas Tech Loyalty Fund were recently announced by the college committee on scholarships and awards.

The awards, which consist of \$200 per person, were awarded to one student in each division for the first time this year. The scholarships will be given annually to the sons and daughters of Tech exes.

## New Trophy Will Be Presented To Winning Float

When the floats of the colorful Homecoming parade go forth this year, they will be seeking to give the organization they represent a new Homecoming trophy.

As in the past awards will be made to the outstanding floats in the three divisions, descriptive, beautiful, and humorous and from these top three, the most distinguished float will be selected. The organization represented by the winning float will then receive the new Thomas trophy donated for this purpose by Lucian Thomas, ex-student and owner of Thomas Jewelry in Lubbock, and the association.

### Plaques Given

Each winning float will receive a plaque bearing their name, the year, and the division from which they won. These plaques become the permanent property of the organization. The trophy will be kept by the organization winning it for one year, unless of course, that organization wins the prize again next Homecoming.

The new trophy which is bronze and in the shape of a Greek goddess is on display in the new trophy case in the rotunda of the ad building. It will be presented to the winning organization at half-time during the Tech-Baylor game along with the plaques.

Immediately following the parade, the winners of each of the divisions will be announced in the ad building rotunda by the ex-students office. The winner of the new trophy will not be announced until the plaques are presented at half-time during the game.

### McCasland Head

Heading the parade committee this year is Bill McCasland, who

See NEW TROPHY Page 3

## Council Will Have Business Meeting To Elect New Association Officers

The Council of the Texas Tech Ex-Students' Association will meet for two business meetings Homecoming. Officers of the association for the coming year will be elected and announced at the annual luncheon at noon Homecoming Day.

The first business session is scheduled to begin at 3 p.m. October 14 in the speech auditorium and all business will be completed at the 3 o'clock breakfast meeting Oct. 15 in Hilton hotel.

In addition to electing officers, the Council, which is composed of one representative of each organized chapter, one representative of each senatorial district in the state of Texas and all former association presidents, will also vote on proposed by-law amendments to the Constitution of the Association and other business of the Association.

Officers of the senior class and president of the junior class also serve on the council.

Ed McCullough, '32, of Midland and Wayne Sellers, '38 of Ft. Worth are the nominees for president. For vice-president John Hiner Wilson, '38 of Lubbock; and Hart Shoemaker, '41, Abilene have been nominated; for second vice-president, W. W. (Windy) Nicklaus, '28, Amarillo, and Ralph Blodgett, '41, Spearman; for director, Forrest Weimhold, '36, Levelland; and Elke Godfrey, '44, Spur; and for athletic council representative, George Langford, '32, Lubbock and Marion Harris, '35 of Midland. These nominations were made by the nomination committee headed by Dub Rushing of Lubbock. Other members of the committee, who were appointed by association president Hurley Carpenter, were Mrs. Maxine Fry McCullough, Guy Carter, Harold Huffman and Mancill Hall.

Proposed by-law amendments to the Council include the following:

1. That Article II, Section 1, be amended to add a paragraph stating that "The Members of the Executive board shall be ex officio Members of the Council."

2. That Article II, section 2, be amended to delete that part of the third sentence, "Irrespective of their continued membership on the Council."

3. That Article III, Section 2, pertaining to the Executive Board be amended to read:

"The members of the Executive Board, as provided in Article II, Section 2, shall be nominated and elected as follows: The President shall appoint a Nominating Committee of not less than five members and publicize their names and addresses. That Committee shall nominate two members of the Association for each office to be filled and furnish the Council with their nominations at least thirty days prior to the annual meeting. Other nominations may be made from the floor at the annual Council meeting."

See COUNCIL Page 2

## TNM&O; Furr Food Stores Hosts For Annual Luncheon

Texas New Mexico and Oklahoma Coaches and Furr Foods Stores will sponsor the annual luncheon in the gym at noon on Homecoming Day.

Last year, over 2,000 exes were served this free meal which is one of the best times during all of Homecoming to meet other exes and have a general get-together.

Students will be on hand to usher the exes and to help with the serving, stated Elizabeth Craig, Student Council member in charge. Registration booths will be open from 11:30-1 p.m. in the gym for those who could not register earlier.

After the luncheon, Hurley Carpenter, present association president will introduce the newly-elected officers for the year. These officers will be selected by the Council of the association in their meeting Saturday morning, and will serve until next Homecoming.

Richard Vardy receives his first \$100 of his ex-students scholarship from Dr. E. N. Jones, vice-president. Looking on are the other scholarships winners and their parents. From left to right are Hurley Carpenter, president of the Ex-Students' Association; Philip Vardy, Dr. Jones, Richard Vardy, Mrs. Bert Pinson, John Pinson, Mrs. Grace Loyd, Silva Loyd, Jim Bryan and H. B. Bryan.

See CROWDS Page 4

## Knot-Tier's

The rate of Tech marriages continues to climb and as always, we must be brief. The names of all exes appear in CAPITOLS.

CARL JONES to Mary O'Hair in Earth, Tex. They are farming near there.

SUE PADEN to Garland C. Clark in Spade, Tex. They are farming at Olton, Tex.

NANCY WILSON, '49, to Luke Thompson, '50. Thompson is a letterman Raider end and senior student. They are living in Lubbock until he finishes Tech.

BOBBYE BOCKMAN, '46, married RODERICK L. SHAW, '47, in Lamesa in August. They are living in Amarillo where he is practicing law and she is a teacher. She has an MA from the University of Iowa and he recently received his LLB from SMU.

MARY HARTGRAVES, '51, became the wife of O. R. STARK, JR., '49, in August. They are living in Quitaque where Stark, a June graduate is employed at the First National Bank.

HOWEL WEBSTER WOODFIN '42, married Carol McCall last month. He is enrolled in the graduate school at the University and was in the army medical corps during the war.

CLYDE DOUGLAS MARTIN exchanged wedding vows with Martha Pipes in August in Hillcrest, Tex. They are living on the Dennis Star Route in Weatherford.

ALBERT H. LEONARD, '43, to Elizabeth Bartlett. They are living in Denver, Colo.

TED WHITE, '48, married MARY BETH BAKER, '50 last month in San Angelo. White is employed in the production office of Magnolia Petroleum company in Kermit, Tex. where they are making their home.

ZADA MAE BRIGGS became the bride of Jack Donnell in August. They are living in Pasadena where he is teaching in the high school.

ROSEMARY BURNS, '44, and Cornelius Louis Sarosdy were married Sept. 17 in Dallas. Their address is unknown.

CHARLES EDWIN COX, '47, married Dorris Virginia Parnell August 19 in Detroit, Tex. Their address is unknown.

DELLA MERLE MASON, became the bride of Jack Terry in Snyder in August. Their home is in Snyder where he is connected with the Snyder Cotton Yard.

CLARENCE EDWIN GUFFEE, '50, married Janice Marie Hill in Floydada recently. Their home is in Plainview where he is employed at Southwestern Public Service company.

VERNA LOU SINGLETON, '48, exchanged wedding vows with JACK WILSON BROWN, '44 in Amarillo in August. For the past four years, Verna Lou has been a secretary with Stanolind Oil and Gas Company in Midland. They are living in Amarillo where he was recently transferred from the Midland office of the Texas Employers Insurance association.

Recently married were MR. AND MRS. JAMES LAWRENCE JOHNSON. She is the former RUTH HELEN ZWEIF, former student and he graduated in '49. He is employed by Southwestern Associated

### Texas Tech Ex-Students News

Texas Tech Ex-Student News published monthly except in July by the Texas Tech Ex-Students association. Executive offices are in the administration building, Room 108. The association is a member of the American Alumni council.

Hurley Carpenter  
Association president, Lubbock

E. A. McCullough  
First Vice President, Midland

Wayne Sellers  
Third Vice President, Ft. Worth

George Langford  
Representative to the Athletic Council, Lubbock

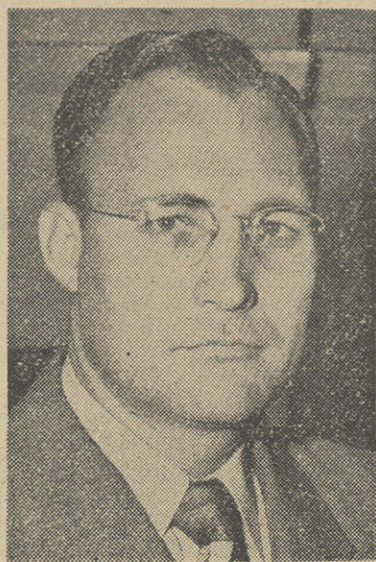

Directors: O. T. Lodal, San Antonio; Fred Rollins, El Paso; O. R. (Chick) McElya, Dallas.

Executive Secretary, D. M. McElroy, class of '35.

Editor

Margene Fry, class of '48.

## Crews Leads High School Students In "Learning While Earning" Plan

LEROY CREWS

### About Names . . . Roy Rogers; Other Big Names Exes

Texas Tech has made fast progress in its short 24 years. Such people as Mrs. Paul Revier, Mrs. John Q. Adams have attended classes in its buildings. And theirs aren't the only well-known names appearing on the list of former students. Such names as Winston Churchill, Betty Davis, Joan Crawford and Roy Rogers are also there.

Of course, during the history days of Reviers's ride and Adam's reign as president, the state of Texas was non-existent but nevertheless these people once trod campus sands as did the others.

#### Revier's Wife

Mrs. Paul Revier was known as Nena Frazier, class of '35 before her marriage, and since receiving her degree in physical education has become a physiotherapist for the Veteran's Administration. In the days when the first Paul Revier announced the arrival of the Red Coats they never heard of such.

Mrs. Adams, although not a president's wife, is the former Rachel Darwin, BEA in '36 and is a Dallas housewife.

As for movie monickers, probably Roy Rogers follows his names the closest. He is a rancher near Tulsa and an Aggie student in '38-'41 while Mrs. Rogers, the former Ila Marie Wheeler, was a home economics student in 39-40.

#### Betty Davises

None of the others are movie makers however. Two Betty Davises attended Tech; one owns an insurance agency and the other is a housewife. The first is Betty Davis of the class of '46 who has a degree in journalism and runs her agency in Ennis, Tex. The second Betty Davis attended Tech 46-48 and is married to Jack Noyes, class of 49 and coach at Amherst in football and basketball. Joan Crawford is now a student in Hardin Simmons university.

As for Winston Churchill, probably he is best remembered at Tech for lettering in basketball rather than for governmental activities although he served on the Student council. He is now coaching.

In the future, who knows, the distinguished who may enroll in Tech. After all John Paul Jones is a student now.

Telephone Co. in Lubbock.

FLORENCE MERRIMAN became the wife of Jack Fulton Graham in August in the Chapel of historic Foundry Methodist Church in Washington, D. C. She is employed as secretary to congressman Gene Worley and he is the Gray County Veterans Officer in Pampa, Tex.

Married in Big Spring were Mr. and Mrs. Chester C. Cathey. She is the former ELIZABETH EDWARDS. They are living in Big Spring where he is assistant cashier at the State National Bank. She formerly taught in the elementary schools there.

#### SANS SOUCI DANCE

Sans Souci social club will give a dance Friday night, Oct. 14 from 9-12 p.m. in the Lubbock hotel. All alumnae, active members and pledges are invited to the semi-formal event.

Leroy Crews, Tech graduate, will be leading students of Abilene High School along the path of "learning while you're earning" this year. He will direct a new program of distributive education for the school.

Crews, whose title is that of coordinator of distributive education, recently moved to Abilene from Lubbock where he was in the real estate and insurance business following the war. The former basketball letterman will teach students in the classroom two hours each morning and then direct them in their "field work" in the afternoon. He plans to select students interested in retailing and to place them in the type business for which they are best suited for part-time work. Then he will work out a plan for a two-year training plan with the managers of the business firms who pay the students on a rate comparable to that of any part-time employee.

Even before the school opened, Crews had solicited promises from 29 firms who agreed to take part in the program. They included groceries, shoe stores, ready-to-wear for women and men and department stores.

In the classroom, Crews will teach the students the matters of applying for a job, personal grooming, etc. Later in the year, he plans to divide his class into groups and let them follow individual lesson plans. They will also do research work connected with the business they are studying.

Crews attended Tech in 32-37 where he lettered in basketball for three years. He returned last spring to receive his degree in marketing in June. During the War he served in the Philippines with the East Air Force and participated in the Luzon campaign. He was discharged as a staff sergeant in '46.

He is married and has one small son, Donald Roy.

### Kenneth Robbins Elected President Of Houston Club

Kenneth Robbins, graduate of '43, was elected president of the Houston chapter of the Texas Tech Ex-Students Ass'n in a recent meeting.

Other officers elected included Gilbert Knox, '43, vice-president and Herbert Belcher, '47, treasurer. Mrs. Gilbert Knox, nee Evelyn McLaughlin, was re-elected secretary.

Robbins who was a quarterback for the Red Raiders, is a former Raider co-captain, was president of his senior class and of the Double T association. He is now an engineer for Otis Pressure Control, Inc. His degree is in petroleum engineering.

Knox is a sales manager for Westinghouse. He was vice-chairman of American Institute of Electrical Engineers while in Tech and a member of Los Camaradas and Engineering Society. Belcher received an industrial engineering degree in '47.

Mrs. Knox was an English major, 42-43.

#### FOUR—

(Continued from page 1)  
husband owns the Pinson Drug company.

Miss Loyd is the daughter of Mrs. Grace Greenwood Loyd, who received a degree in education in '45, and teaches the fifth grade at Dimmit.

The students will receive a \$100 per semester but must maintain their grade point average of 1.5 to receive the amount the second semester. To qualify a student must have 30 semester hours excluding summer school; must have one parent who attended Tech at least one long semester, receiving at least 15 semester hours credit, and must have a 1.5 grade point average for the preceding semester.

These awards are the first step in setting up a scholarship program financed by the Ex-Students' Association. Purpose of the Loyalty Fund scholarship plan is to aid the student, former student, and the college.

#### BSU OPEN HOUSE

The Baptist Student Union is sponsoring an open house for its exes Homecoming morning from 9 to 10 in the Baptist Student Center, 2401 13th street, announced Miss Jan Berry, student social chairman. All exes are invited to attend.

## From Ex to Ex...

Another Homecoming is dawning and from here, it looks as big as ever. The Student Council Homecoming committee and their helpers deserve a hand for the hard work they have done to make a grand welcome for the exes possible.

\*\*\*

At the first pep rally of the year, Coach Dell Morgan spoke to the student body and in that short talk was something we believe worth repeating. The coach referred to former booing of some players during the games the last few years and pointed out that it was neither sportsmanlike nor fair to do so. Such a practice demoralizes the player and angers the rest of the team. We were on the exes side last Homecoming . . . that was the first game we had attended outside the student section and we found that the booing wasn't done just by students. So let us take the coach's words to heart. After all if a fellow makes a mistake on the field, we shouldn't blame him. The coach sent him in and he is trying to do the best job he can of playing. The least we can do is cuss silently.

\*\*\*

The results of the Tech Loyalty Fund really became a reality when the first scholarships were awarded through it this year to four students . . . the sons and daughters of Tech exes. And it is a growing thing. Through scholarships, we not only aid the student, but the school in securing better students and maintaining a higher scholastic average.

\*\*\*

We wish to pause, for a moment of thanks to those who have served as officers of the association this past year. They have done a fine job in extending the organization, in increasing the mailing list, in bringing a closer unity among the former students. Interest in the association itself has grown and we hope the trend is a continuous one.

\*\*\*

More exes are needed like Lucian Thomas, who constantly gives of his time and money to help students at Tech . . . as well as ex-students. His latest contribution is helping the association buy the new trophy to be awarded for the outstanding Homecoming float. It stands approximately four feet high . . . the top base bears a goddess while smaller goddesses and eagles appear on the lower part of the trophy. It is a beauty and something any club can be proud of winning.

\*\*\*

It was at the ex-students luncheon in San Antonio that Dr. D. M. Wiggins, college president, committed a social error. He sat on the governor's hat. Tom Pettit, president of the San Antonio Ex-Students' chapter, grabbed the college prexy from his seat unceremoniously. There was the hat . . . mashed very flat. Pettit hastened to call a bell hop and sent him out with the hat to have it pressed and blocked while they ate. The bell hop returned on a very short notice. He had a hat box. No the cleaning plant hadn't furnished the box. He had a new hat for the governor.

## The Tumbleweed

Tech's band members captured another award when their chapters of Kappa Kappa Psi and Tau Beta Sigma, honorary band fraternities for men and women respectively, brought home the Intercollegiate Band Achievement Award for 1949.

The gold trophy, on display in the trophy case in the ad building, was presented to Prof. D. O. Wiley, director of the band at the joint national conventions of the groups held recently at the University of Colorado. They won the trophy for having the most members present at the conventions.

\*\*\*\*

Sanford Whitaker, senior architecture student, has received honorable mention from the Beaux-Arts Institute of Design in New York for a college dormitory plan submitted to the institute last spring. Principal colleges and universities and practicing architects compete for mention each year.

\*\*\*\*

Gene L. Hemmle, new head of the music department plans an expansion of his department this year in which he will add new courses and revise old ones to fit the musical needs of all students. He is planning courses for the student training for careers in music, those planning to be professional musicians, those who have a strong amateur interest in music and the general student.

\*\*\*\*

Four phases of activity are plan-

### COUNCIL—

(Continued from page 1)

ing. The above offices shall be filled by a majority vote of the Councilmen present at the annual Homecoming meeting. Those elected shall serve until their successors are named. In the event of death or resignation, a successor shall be named by the Executive Board or by the next regular meeting of the Association Council.

4. That Article II, Section 1, be amended to delete paragraph (b). "Each living past President of the Association shall be ex officio a Member of the Council."

Also on the agenda of business to be considered is the giving of the annual award to an outstanding ex-student. Wayne Sellers is chairman of this committee. Guy Carter and Chick McElya are other committee members.

ned for the Tech Recreational hall programs this year, announced James G. Allen, dean of men.

Dances, movies, square dancing and lectures are the phases included. Burl Hubbard's orchestra will play for eleven dances while Jake Miller is scheduled for five square dances and movies will be shown in the Aggie auditorium. Those to lecture are Polgar, the mental wizard Vincent Sheean, author whose book on Ghandi, "Lead Kindly Light" was recently published and Mill-cent Fenwick, associate editor of Vogue magazine.

\*\*\*\*

James E. Platz, graduate of the University of Illinois library school has joined the Tech staff as the new assistant librarian. He will head the circulation department and comes to Tech from the University of Tennessee.

\*\*\*\*

A lighted softball diamond is the project for the year for the Tech Chamber of Commerce. Bill McCasland, senior business administration major, is the president.

\*\*\*\*

Dr. Doyle D. Jackson, professor of education at Texas Tech, was recently named acting head of the department of education by Pres. D. M. Wiggins.

Jackson will serve during the illness of Dr. Raymond E. Garlin, who has been the department head since 1943. This department has been increasing in enrollment since the passage of the Gilmer-Aiken bill in Texas which raised the wage level for teachers in the state and also set up definite requirements for securing certificates.

\*\*\*\*

The fall semester as expected had a decrease in enrollment. The number of students attending Tech dropped 429. There are 5716 enrolled as compared to last fall's total of 6145. Arts and Sciences again lead with 1952 students, while engineers are second with 1514. Agriculture and business administration divisions tied in enrollment with 800 each while home economics was the smallest with 360. Each division had a decline in enrollment. Veterans dropped some 800 as 2047 enrolled compared to 2800 last fall. There was also a drop in freshman enrollment with only approximately 1100 enrolled. Over 1800 freshmen attended Tech last year.

# Red Raiders Take On Baylor For Third Homecoming

## Two Exes' Groups To Meet Soon In East Texas; Wash.

Two groups of Tech exes are trying to schedule meetings for Techs in their areas with the hope of organizing Tech groups in the near future.

The first group is in Washington, D. C. and the second is in East Texas.

Miss Dorothy Rylander, class of '31, who is secretary to Congressman George Mahon, is trying to contact as many exes as possible in that area of the country so that they may schedule a meeting soon and if possible, organize an Ex-Students' chapter. Anyone interested may write her, at 1211 New House Office Building, Washington, D. C.

Holmes Webb, '31, principal of the junior high and high school in Gladewater, Tex. writes that he and several other exes are working on a steak fry to be held next month in Tyler State Park with the hope of organizing an East Texas chapter of the Ex-Students' association. Also working with him are Dr. Bert Wood, Henderson; Ed Irons, '42 Tyler; John T. Rhodes, '36, Greenville; Slim Carrell, Greggton; Wilson Godfrey, '40, Gladewater; Gene Nichell Hawkins, and Edwin Spack, '42, Quitman.

Each ex will bring his own steak to the steak fry. Woods, Godfrey and Webb will furnish coffee. Any ex not contacted and interested in this meeting, is asked to write Webb, in care of the high school at Gladewater.

## Frosh Footballers Are Hefty Huskies

With a hefty line which almost outweighs the varsity, the Picadors, or freshman football team, has one of the greatest aggregations of several years according to some observers.

Under the guidance of Coach Alie White, the first year boys will play six games, and they started against West Texas State frosh Sept. 30.

Fish backs include Ronnie Miller, Albany; W. H. Barker, Colorado City; Kenneth Cochran, Paschall, Ft. Worth; Carroll Drye, McAllen; Gene Doss, Arlington Heights, Ft. Worth; Donald Decker, Lubbock; Jerry Killian, Holliday; Denton Lambert, Lubbock; Hudson Routh; Olney; Jim Turner, Olney; Joe Sandlin, Paducah; Don Seale, Idalou. All-state backs include Sandy Welton, Fairmount, West Virginia; Chuck Reynolds, Atlanta, Ga.; Carl Madison, Altmore, Ala.; and Waldo Young, Monahans, Tex.

Brother to the Williams brothers, Don and Bobby, is the freshman center Jimmie Williams, who was an all-stater last year from Phillips. Also a center is Sam Jones of Temple.

Edward Briggs, Shamrock; Marland Ribble, Arlington Heights, Ft. Worth; August Meynig, Colorado City; Joe Harris, Masonic Home, Ft. Worth; Harold Harrison, Burk Burnett; Charles Goff, McAllen; George Hrohn, Wichita Falls; and Jerry Prestidge, Galveston are freshman tackles.

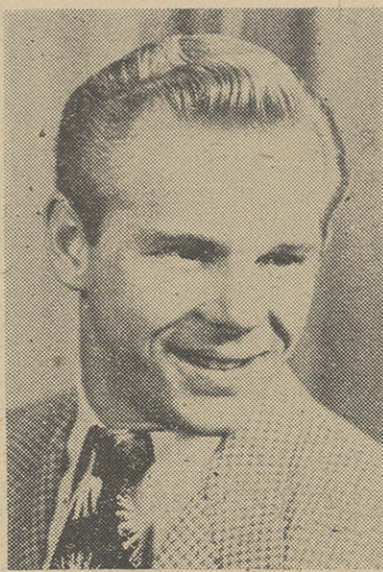

Ends include Ned Wallace, Lubbock; James Clark, Sundown; Hollice Davis, Olney; Jack Hensley, Lubbock; James Thames, Alvarado; and Gerald Thompson, Brackenridge, San Antonio.

Picador guards are Vernon Barron, Temple; Don Gray Breckenridge; and Neil Rogers, Abilene.

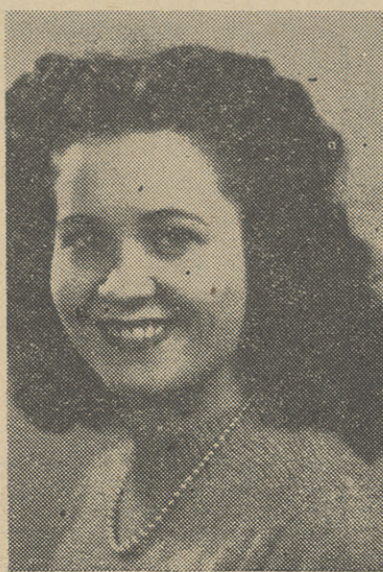

### FUTURE TECHSAN

C. T. McLaughlin, board director, who never attended Tech but has four Tech exes, three of them graduates, in his family, has another future Techsan to add to the number. He has a grandson, Jeffrey Alan DeFord, born August 31.

Jeffrey's parents are Mr. and Mrs. John Hill DeFord, the Mrs. being the former Jean McLaughlin. His father is a district geologist with Bay Petroleum company in Midland, Tex.

JIMMY CARTER

GLENA WINSTON

## Traditional Pep Rally And Bonfire Scheduled October 14

## Tech's Red Raider Hand-Picked Squad Numbers Fifty-Nine

The 1949 Tech Red Raider squad is composed of fifty-nine hand-picked candidates giving the Techsan pigskin bearers more reserve power than they've had in several seasons.

Centers include veteran Bobby Williams, of Phillips, who is playing his fifth season and J. B. Mahler, Temple; Bobby Hix, Sherman; and Aubrey Phillips, Fort Worth, Paschall. At guards are found Don Williams, Phillips; Dan Pursel, Gladewater; Dick Cavazos, Kingsville; Milburn Haydon, Weatherford; Bobby Garner, Denison; Jimmie Martin, Wichita Falls; Walter Edrington, Odessa; Don Anthony, Amarillo; Bill Stallings, Tyler; Roy Lee Rogers, Henderson; Gene Rogers, Henderson.

Standouts at tackle are veterans Marshall Gettys and John Andrews both from Amarillo; while sophomore Jerrell Price, Brownfield, is making a fine show. Others at this position are Rex Pinson, Falfurrias; Jack Cockburn, Denison; Douglas McSwane, San Angelo; John Tom Baker, Denison; Bill Glidewell, Ashville, Ala.; Henry De Ford, Dallas; Bobby Broyles, San Angelo. Broyles and Baker have also seen a lot of playing action.

At end are Charles Allen, Jourdantown; Bill Sharpley, Corsicana; Jack Davis, Littlefield; Dick Jackson, Phillips; Bud Henderson, Quanah; Elbert Johnson, Temple; Lewis Crossley, Eastland; Hugh Jackson, Phillips; Luke Thompson, Eldorado; Dick Pirtle, Lubbock; Jim Cornish, Ft. Worth.

Ernest Hawkins, Lamesa; Milton Rathbone, San Angelo, and Bill Lyman, Littlefield, have been seeing the most action at quarterback. Others bidding for this position are Junior Arterburn, Ranger; Eural Ramsey, Shamrock; John Moughon, Weatherford; and Albert Salem, El Paso.

Calvin Stevenson, Brownfield; Ike Stuver, Ysleta; Walter Maloney, Roscoe; and Herman Bailey, Detroit, are those playing left halfback. At right halfback are Tim Hatch, Wellington; Bill Barbee, Littlefield; James Conley, Quanah; Judson Brawner, Atmore, Ala.; Bobby Close, Shamrock; Harold Haynes, Roscoe. Fullbacks include Earl Jackson, Phillips; J. W. Thompson, Odessa and George Worrell, Lubbock.

### DAIRY MANUFACTURING

Dairy Manufacturing club will give a breakfast at 7:30 a.m. Oct. 15 in the dairy laboratory in the Aggie building for their exes. At 8:30 a.m. the Kenneth M. Renner Memorial plaque will be presented in the Aggie auditorium. This plaque is given in memory of Prof. Renner, who was head of the dairy manufacturing department before his death. All exes are invited to attend the memorial service.

The annual Homecoming bonfire and pep rally will be held on Friday, Oct. 14 at 7:30 p.m. After the rally in the gym, the customary bon fire will blaze in the space between the men's dorms and the gym.

Head cheerleaders Glenna Winston and Jimmie Carter are in charge of the event. Other cheerleaders are Lam McKay, Pat Thurmond and Bob Hogan.

Brush for the bonfire will be gathered prior to the event by the Saddle Tramps, men's cheering organization headed this year by Ernest Sears. As tradition has it, the slimes, or freshmen, will guard the bon fire woodpile to keep the enemy from snatching it until the night it is burned. Homecoming is a great day for the freshmen. If Tech wins, off come their green slime caps. If the Raiders lose, they wear them until Thanksgiving.

These same freshmen will probably also follow the old tradition of running around the fire and yelling for the Raiders at the top of their lungs.

Carter, cheerleader from Lubbock, is an accomplished acrobat and is expected to give the exes a show with some of his antics. Miss Winston, a senior from Brownfield, served as cheerleader last year and was reelected last spring. All of the other leaders were runner-up candidates in the election last spring.

## Dept. Head Leaves On Tour Of Textile Schools In Europe

Prof. L. E. Parsons, head of the textile engineering department at Texas Tech, left Oct. 7 for a tour of textile schools and factories in Great Britain and France. He was one of a hand-picked group of ten American educators in textile engineering.

In England he will be the guest of the Textile Foundation and the British textile industry. The educators will visit British textile schools to study curriculum and methods and also a two-day conference at Harrogate, England on "The Cotton Industry in a Changing World."

They will view the Manchester Machinery Exposition; will meet with the Wool Secretaries; and will be guests of Sir Raymond Street, president of the Cotton Board of Manchester when they meet with the Board in Buxton, England.

Prof. Parsons will go to Paris Nov. 6 on a tour of French textile schools and manufacturing plants and will return to New York Nov. 21.

### HOME EC COFFEE

Phi Upsilon Omicron, the Home Economics club, and the Lubbock Home Economics alumnae are giving a coffee Homecoming morning from 9 to 10 in Room 108 of the Home Economics building. All exes, alumnae, and their husbands and families are invited to attend.

## Bears Are Favorites For Tenth Meeting Of Series; Record Is Even With Four Games Each, One Tied

When Tech's Red Raiders meet the Baylor Bears October 15, it will be the third Homecoming Day to tussle with the Baylor team. And if the record holds true, the third Homecoming win.

In nine games played with the Baylorites, Tech has won four, Baylor four and the two fought in 1945 to a 7-7 tie. As far as points advantage are concerned, Baylor is ahead with 113 and Tech has 74.

## New Beef Cattle Barns Used By AH Dept. This Term

Animal husbandry students are now using the new beef cattle barns recently completed at a cost of approximately \$70,000.

The barns are located one mile west of the main campus, and are constructed of corrugated steel with a steel frame and superstructure and concrete floor.

The main barn has 27 pens where cattle are kept for instructional use. Show cattle will also be penned in the main barn, which has cross ventilation and safety walks for the cattle in addition to concrete drinking troughs, separate drainage and an aluminum safety gate for each pen.

The nursing and fitting barn will be used by students to clip, wash and curl show cattle. It has seven wash stalls and six nursing stalls. A feed and storage barn completes the group which covers four acres and is surrounded by seven pens.

W. L. Stangel, dean of agriculture, said plans are to complete the group with a fourth building which will provide living quarters for two junior and two senior students who may gain valuable experience in caring for the cattle during their final two years of college.

## Cradle Rockers

Future Techs continue to appear in the world.

Ulanna Lucia was born Sept. 6 to Mr. and Mrs. James M. Ludeke of Vernon, Tex. Mrs. Ludeke finished Tech in August, '48 and taught school in Lubbock last year. She is the former Jareen Kocurek. Ludeke received his degree in June and is now teaching vocational agriculture at Lockett High School.

Marilyn Catherine Schrank appeared in the world August 28 and weighed seven lbs. and four oz. The parents are Mr. and Mrs. William T. Schrank of Berkeley, Calif. The mother is the former Mary Elizabeth Teal, student 43-47.

Mr. and Mrs. James W. Patrick write that they are the proud parents of a girl born June 8, name of Susan Lee. Mrs. Patrick is the former Mary Jean Ross and they live in Panhandle, Tex.

Capt. Kenneth L. Allen and Mrs. Allen (Onita Belle Hufstetter) have a daughter Kelia Lynn, born in June. Capt. Allen, '42 graduate in agriculture, is stationed at Carswell Air Force Branch in Ft. Worth. Mrs. Allen is an arts and sciences graduate of '42. They have two other children, Kenny and Karen.

Twin daughters were born to Mr. and Mrs. Paul C. Mills, September 17. The girls, Janice Kay, 6 lbs. three oz., and Judith Ann, 5 lbs., 8 oz. live in Lubbock where their father, a '49 graduate, is a special foreman for the Highway department. Mrs. Mills, the former Betty Savage, is a home economics graduate, class of '41 and formerly taught in the Lubbock schools.

## Tech Graduates To Marry Oct. 18 On Bride And Groom Program

Ed C. McLeroy, class of '49, and Jackie Small, class of '48, will be married on Bride and Groom Radio program Oct. 18.

Ed, who is now assistant to the county agent at Floydada, Tex. was president of the Aggie club last year, a member of the Student Council and Who's Who. He was also chairman of last year's Homecoming committee.

Miss Small, who received her degree in home economics in August of '48 taught school at Spade, Tex. last year. The couple will receive several prizes by appearing on the national radio program.

The two teams first met in 1931 when Baylor rolled over Tech for a 32-0 victory. The following year the Matadors took over to win a 14-2 victory before a Homecoming crowd of 5,000. In 1933, Tech muzzled the Baptists to a 13-0 victory. Former lettermen "Mule" Dowell and "Mule" Butts were the Raiders who stood out in that game. In 1934 Tech took a 14-7 victory only to have the score turned around the next time the teams met in 1942. It was George Zoller and Jimmy Jay who were the men chiefly responsible for the lone touchdown in that tussle.

On Parents' Day, 1945, the teams fought to their 7-7 tie and in 1946, Homecoming Day, 13,000 fans saw a thrilling game in which the Raiders came from the short end of the score to make two touchdowns in the third quarter and win 13-6. Roger Smith, Ed Robnett, Ernest Hawkins, and Glen Lewis were the standouts in that game. Since that day it has been a different story. In 1947 the Bears rolled over the weaker Raiders for a 32-6 victory and last year on a rain-soaked field, the Baptists took a 13-0 victory at Waco.

Until now, Tech's Raiders have not looked too good. They've been crippled with injuries and colds since the season started. They ran over a weak Abilene Christian college team but were literally steam-rolled by the Texas Longhorns to say nothing of the game with Texas A&M when the Farmers plowed over the Raider team.

Williams Injured  
Don Williams, outstanding as a starting guard, is out for the season. In the A&M game he received a leg injury and was hospitalized in San Antonio.

From here, the Homecoming tussle may prove anything. For one thing, the Raiders will be rough and ready to win for the Homecoming crowd and to avenge the loss of the past two years. The Bears are one of the highly rated SWC teams this year and the score could go either way. Fans attending last year's game at Waco only hope it won't be another rain-soaked story where the ball is but a muddy thing slipping around among bigger muddy players, unrecognizable in the drizzle.

## October 12 Is Tech Day At State Fair

October 12 is again the date for Texas Tech Day at the State Fair in Dallas which is scheduled for Oct. 8-23.

The Tech booth will feature several scheduled showings of "Future Unlimited" during the day and an "admatic" screen showing 120 full-color views of campus activity throughout the day. Also on hand will be a demonstration loom of the textile engineering department which will make towels with Texas Tech woven in the cloth.

Enlarged photographs of the campus will border the exhibit and pamphlets depicting Tech's growth will be given away by members of the Ex-Students' association. The exhibit will be on display until the Fair closes Oct. 23.

## NEW TROPHY—

(Continued from page 1)  
worked on that committee last year. He announces that he expects as beautiful, if not better parade as that of 1948 when forty multicolored floats passed by the spectators.

College club's float which won first place last year in the descriptive division, has received the most acclaim as being the outstanding parade float. Other top winners included Ko Shari, beauty, and Kemas, humorous. Second and third place winners will again be elected.

Judges for the parade will be selected by the Ex-Students' association and will be announced later.

## -DRIFTING TECHSANS-

<sup>28</sup>  
FELIX GLENN BLACKMON is dairying and farming at Shallowater. His wife is the former DOVIE MAY BROWN, class of '31 in English.

MRS. ALVIS H. LOGAN, nee JUANITA HANEY, is a housewife in Dallas.

<sup>29</sup>  
DR. PAULINE MILLER received her degree in biology. She is now a physician at Plains Clinic in Lubbock.

<sup>30</sup>  
MISS MILDRED ARNETT, history graduate, is a field worker for the Texas State Department of Public Welfare.

<sup>31</sup>  
MRS. GENE EVANS, the former LOREE STREALLY, HE graduate, is a housewife in Olney, Texas.

CLARENCE A. COLE, BS, MS in geological engineering, is a district geologist for the Trowbridge Sample Service in Shreveport, La.

JOE Y. ROBERTS, civil engineering graduate, is a structural engineer in Ft. Worth.

<sup>32</sup>  
JAMES C. KERR, also a CE graduate, is a contractor in Lubbock. His wife is the former LORA ELSIE DERRICK, class of '33.

<sup>33</sup>  
WALTER BEN LAMASTER is a partner in the W. B. LaMaster Realty company in Perryton, Tex.

<sup>34</sup>  
JACK ALTON GRUNDY, ME grad, is material manager for Reed Roller Bit company in Houston. Mrs. Grundy, nee ILLA STEELE PATTERSON, is a Spanish graduate and also a member of this class.

<sup>35</sup>  
MRS. MARY WATSON JONES is home demonstration agent for Ochiltree County and is a resident of Perryton, Texas.

WALTER M. NIXON, agronomy graduate, is regional agronomist for the Soil Conservation Service in Ft. Worth, Texas.

<sup>36</sup>  
ROY THOMAS SHAMBERGER is a party chief for Sun Oil company in McAllen, Tex.

<sup>37</sup>  
S. S. FORREST is president of Forrest Lumber company in Lubbock. Mrs. Forrest is the former LOUISE REID, class of '39.

MISS MARY ETTA BEAN, commercial art graduate, is a draftsman for Santa Fe Railway in Amarillo.

BARNIE B. RUSHING, JR. is president of Tractor Implement Supply, Inc. in El Paso. Mrs. Rushing is the former DOROTHY ANN YORK.

<sup>38</sup>  
JOHN WIGHT SHEEHAN, BS and MS in chemical engineering, is senior technologist for Shell Oil company in Pasadena, Tex. He received his PhD degree from the University of Texas in '48.

<sup>39</sup>  
J. S. CRADDOCK, JR. is partner in Craddock Motor company in Colorado City, Tex. He is an accounting major.

MRS. MARY CLARK MILLER, commercial art, is a housewife in Maywood, Ill.

<sup>40</sup>  
MRS. ROGER WHEATON CLAPP, nee RUBY NELL SMITH, is a teacher at the Gilman County School for Boys in Baltimore, Md.

MR. AND MRS. MORLAN BLAINE McMANIGAL, JR.; she is the former MARY KATHERINE GUNTER, are living in Happy, Tex. He has a BBA degree and she has a BS in home economics.

<sup>41</sup>  
RUPERT ANTON TRIPLITT,

business ad, is assistant sales manager for Tom Huston Peanut Company in Columbus, Ga.

KENNETH G. PURTELL, ag eco major, is a farmer at Brownfield.

MR. AND MRS. AUBREY L. WILLARD will be spending the next two years overseas. Willard is officer in charge of malaria control work with headquarters in Athens, Greece and recently went over to take his post. His wife, the former ALLIE HENDERSON, will join him this month with their children, 5-year-old Carolyn and 2-year-old Larry.

MR. AND MRS. BILL WOOD are in Encino, N. M. where he is manager of the Rio Pecos Oil company station. Mrs. Wood, nee CLARICE MACKEY, is a home ec graduate.

<sup>42</sup>  
MRS. DAN HARRELL, nee VERA BRYANT, MA in education, is a science teacher in the Lubbock Public Schools.

<sup>43</sup>  
ERNEST DEAN EVANS, BS in chemistry, is a research chemist for Magnolia Petroleum company in Dallas.

<sup>44</sup>  
MR. AND MRS. EDWIN CAYLOR CADDELL live in Dalhart where he is the owner of Dalhart Tire and Supply company. She is the former GLENN EARLENE DEMRON.

MRS. DAVE LEWIS KISNER, nee VIVIANNE ADAMSON, is a bookkeeper for Edgar Motor company in Levelland, Tex.

<sup>45</sup>  
Superintendent of the Goree Independent School District is HARVEY D. ARNOLD, BS in mathematics.

MR. AND MRS. EDGAR PATTERSON BLOUNT are living in Oklahoma City where he is an estimator for the Harmon Construction company. She, the former MARY FRANCES WELLS, majored in secretarial studies and is secretary to the general manager of Harmon Construction company.

<sup>46</sup>  
DR. BURTON B. McDOUGAL, pre-med, is a physician at Chickasha, Okla.

MRS. MARIE McCRUMMEN MENAUL, chemistry, is an instructor at Tech.

<sup>47</sup>  
KENNETH O. LEWIS, AH, is a county agent for the Extension Service in Benjamin, Tex.

<sup>48</sup>  
THOMAS WOOD PARDUE is a junior engineer for Stanolind Oil and Gas in Tulsa, Okla. Mrs. Pardue is the former FRANCES BALLOW.

FRED WILLIAMS KNOLL, accounting graduate, is a graduate student in Texas university.

<sup>49</sup>  
KENNETH EUGENE LARD is employed by the Long Bell Lumber Company in Amarillo.

ELWANDA FRANCES MARTIN, HE education graduate, is a reporter for the Matador Tribune in Matador, Texas.

Recently married were MR. AND MRS. ARTHUR LEE THIBODEAUX, JR. He is a graduate of May and is an assistant engineer for the Texas Highway Department in Spearman, Tex. She is the former MARGARET ANN STONE, who attended Tech last year, majoring in English.

## Exes Will Discover Changes On Campus

### HOMECOMING ACTIVITIES

Friday, Oct. 14

5 p.m.—Registration begins in booths at Hotel Lubbock and Hilton.  
7:30 p.m.—Pep Rally and bon fire at gym.

Saturday, Oct. 15

8 a.m.-10 a.m.—Organizations give teas, open house, coffees, etc. in honor of their exes.  
8 a.m.-12 noon—Registration booths in hotels and ad, aggie, engineering, home economics buildings and Rec Hall.  
10 a.m.—Homecoming Parade.  
12 noon—Luncheon in gym sponsored by TNM&O Coaches and Furr Food Stores.  
2:30 p.m.—Football game with Baylor Bears, Jones Stadium.  
6 p.m.-9 p.m.—Organizations continue to honor exes.  
9-12 p.m.—Homecoming dance in gym with Burl Hubbard playing.

## Governor Speaks To Exes; Tech Board Grants Administration Building Contract

"You have a great school and I predict even greater things for you in the future," commented Gov. Alan Shivers when he spoke at the annual ex-students' luncheon Sept. 24, preceding the Tech-Texas A&M game.

Tech's Board of Directors the same day awarded contracts on the building of two wing additions to the administration building. They were luncheon guests.

Gibb Gilchrist, chancellor at Texas A&M, also was a guest at the luncheon and spoke briefly on the

friendly relations between the two schools.

Other guests included W. T. Gaston, business manager, M. L. Pennington, comptroller, Pres. D. M. Wiggins, Frank Junell, assistant to the president, and Wyatt Hedrick of Ft. Worth.

O. B. Ratliff, of Lubbock and former board member, acted as toastmaster while Jack White, San Antonio mayor, also spoke. Concluding the luncheon speeches were Dr. Wiggins and Coach Dell Morgan, both of whom spoke briefly.

The building contract for the new wings was awarded to W. G. McMillan of Lubbock who had the lowest of twelve bids at \$498,050. The Board will meet again in Lubbock at Homecoming and will award the electrical and plumbing contracts for the wings at that time.

The Board also approved the including of \$37,500 in the budget for a cotton research committee to be set up at the college. This committee will be headed by Dr. Lyle E. Hessler of the U.S. Department of Agriculture. He will hold the position of research associate with a salary of \$8,000.

Dr. Wiggins, president of the college, announced that a new cotton weaving machine which will speed up the manufacturing process of cotton 300 percent is being designed at the college in connection with the project. This machine will enable cotton to compete more effectively with rayon.

McMillan, who was present at the meeting, stated that construction which would start immediately on the ad building wings, would take approximately 14 months to complete. The wings will be of the same architecture as the rest of the building; will run three stories high and have a basement to provide storage space.

## Homecoming Prom In "Ye Olde Barn"

The annual Homecoming dance will begin at 9 p.m. in the gym with Burl Hubbard's orchestra furnishing the music until midnight.

Alpha Phi Omega, service organization, which decorated the gym for the event last year, have asked for the job again so the old Barn is expected to look once more like the swanky night club.

A student dance is scheduled at the same time in the recreation hall. This event was so planned to do away with the old complaint of too many students attending the crowded Homecoming dance. The Techsans will furnish the music for the student dance, stated Troy Enis, recreational hall director.

Tickets which are \$1.50 stag or drag can be purchased at the gym door the night of the dance. The proceeds of the dance will go to the Student Council for some worthy project. Last year's proceeds were used to buy the trophy case which stands in the rotunda of the ad building.

## Los Cams Plan Reception For Alumni On Homecoming

Los Camaradas social club will have a reception honoring members and exes from 6-12 p.m., Oct. 15 in the penthouse of the New Womble Olds building on nineteenth street in Lubbock.

All former members of the club are asked to write Bill Miller, corresponding secretary at Men's Dorm III, and give their names, addresses and occupations for the club files.

## Grass, Full Grown Museum

### Parking Lots, Can Be Seen

Changes will be noted by exes when they trample across campus sands for Homecoming October 15. The first difference noted will be that grass has replaced the many acres of loose, shifting sand.

Another noticeable object is the museum building which has arisen above the basement category and is an actual structure of two stories at the northern part of the Circle. The building contains not only museum and offices of the faculty but several classrooms also.

Possibly by Oct. 15 work will have begun on the construction of two wings for the ad building at a cost of \$750,000.

New parking lots are seen back of the ad building, dorms and other places which were not here last Homecoming. Grass has replaced the numerous cars in front of Sneed and West halls which are parked around the curb instead of in the front lawn of the dorms.

In the ad building is the new trophy case which was bought with money earned on the Homecoming Dance last year. This money was donated to the Student Council which in turn used it for the trophy case. Made of wood and glass, the stand within will soon be covered with velvet and placed on display will be the trophies won by the college. In the midst of these will be the new trophy to be awarded this year for the first time. It will go to the organization having the most distinguished float in the Homecoming parade.

Also new to exes will be the remodeled cafeteria. The four partitions have been removed and the knotty pine covers the walls from the floor half-way up the walls. The upper portion of the walls are done in a green floral design with a pale yellow background and pale center in the focal. The ceiling is the same pale color. A snack and coffee bar has been set up where exes according to Troy Ennis, recreation hall director can obtain coffee with real coffee cream.

As far as the student body is concerned, exes will see almost as many people as last year although an enrollment decline was predicted due to loss of many veteran students through graduation and the smallness of high school graduating classes over Texas last year. With only a slight drop of 429, exes won't feel that many are missing and close to 1200 freshman will show the former students that the college definitely has a future.

## Glee Club To Sing At International Meeting In Illinois

A two-week, all-expense trip to appear in the International Convention of the Lions club is on the agenda for the Tech All-Male Glee Club this year, announces Richard Richards, director.

Beginning its third year, the group became widely-known last year through numerous appearances on programs, local and nearby civic programs and campus convocations. It is composed of approximately forty male voices.

In addition to the international convention at which they will have first day billing, the group plans two other tours. These will be short trips to towns surrounding Lubbock and will be conducted in the winter and spring.

Texas Lion chapters have charge of the entertainment for the convention in Chicago and the Tech Glee Club will play a large part in that program. Director Richards states that the boys will sing numbers ranging from the classics to the popular hit tunes.

## CROWDS—

(Continued from page 1)

Burl Hubbard will again play for the Homecoming Dance from 9-12 p.m. in the gym which will conclude the whirl of Homecoming events for 1949.
